OUR MISSION

Help property owners to achieve their goals of energy independence, reduce their dependence on fossil fuels and contribute to solving the climate crisis by reducing carbon emissions.

ABOUT US

New York State Solar Farm (NYSSF) brings together the benefits of the most powerful Solar Panel on the planet, with the longest and most inclusive warranty available - power, parts, and labor for 25 years.

NYSSF is a local, family owned company, serving as a primary Hudson Valley Solar installer since 2008, and one of only 5 NYSERDA Platinum Installers.

Since our founding, NYSSF has offered an escape from rising utility costs, tax benefits, and savings from day one to over 2,000 families and businesses, with over 10 Megawatts of solar installed.
